I'm Salman Raza, and I have over 7+ years of experience as a **Front-end Developer and UI/UX Designer**. I'm truly passionate about creating visually stunning and user-friendly interfaces for both web and mobile applications. I'm well-versed in various JavaScript frameworks like **Angular, ReactJS, VueJS, and NextJS**, and I have a strong foundation in **HTML, CSS, & JavaScript**.

I also have design skills and work with tools like **Photoshop, Illustrator, Figma, XD, and Sketch**. This unique blend of technical and design expertise allows me to bridge the gap between design and development, resulting in seamless and visually appealing user experiences. I'm dedicated to delivering exceptional digital products.
